Clock diagnostics vs Record #

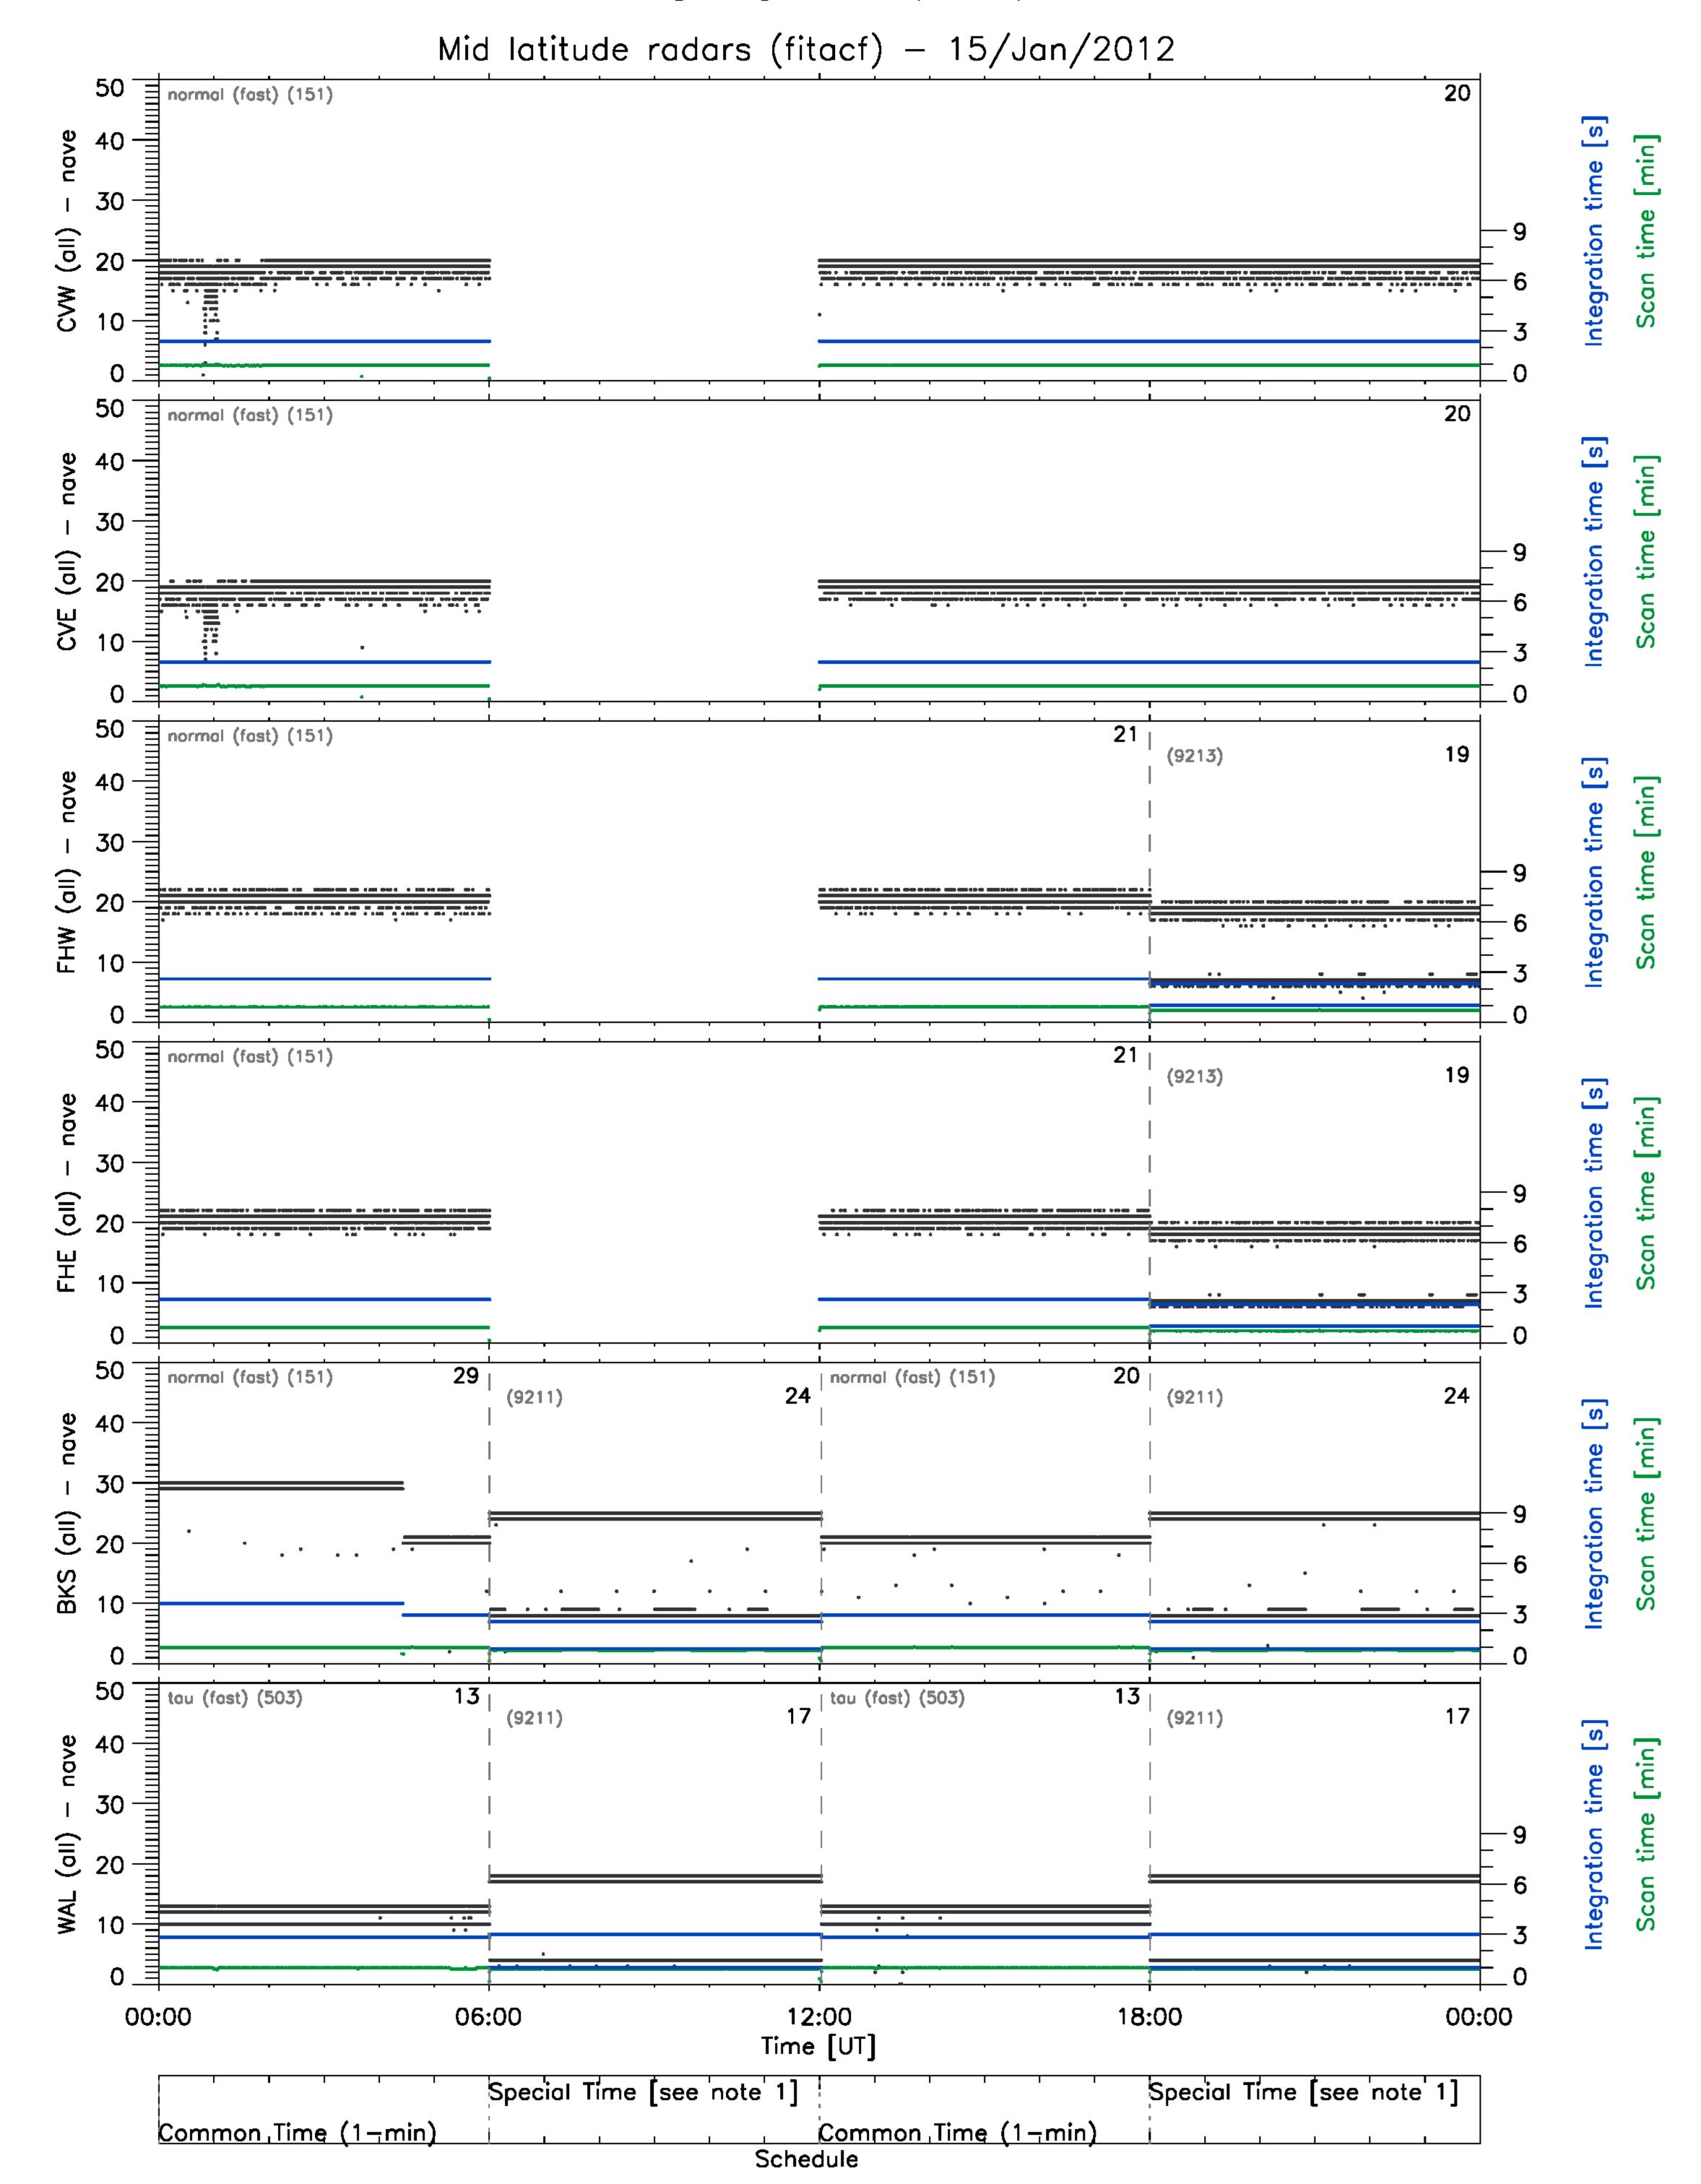

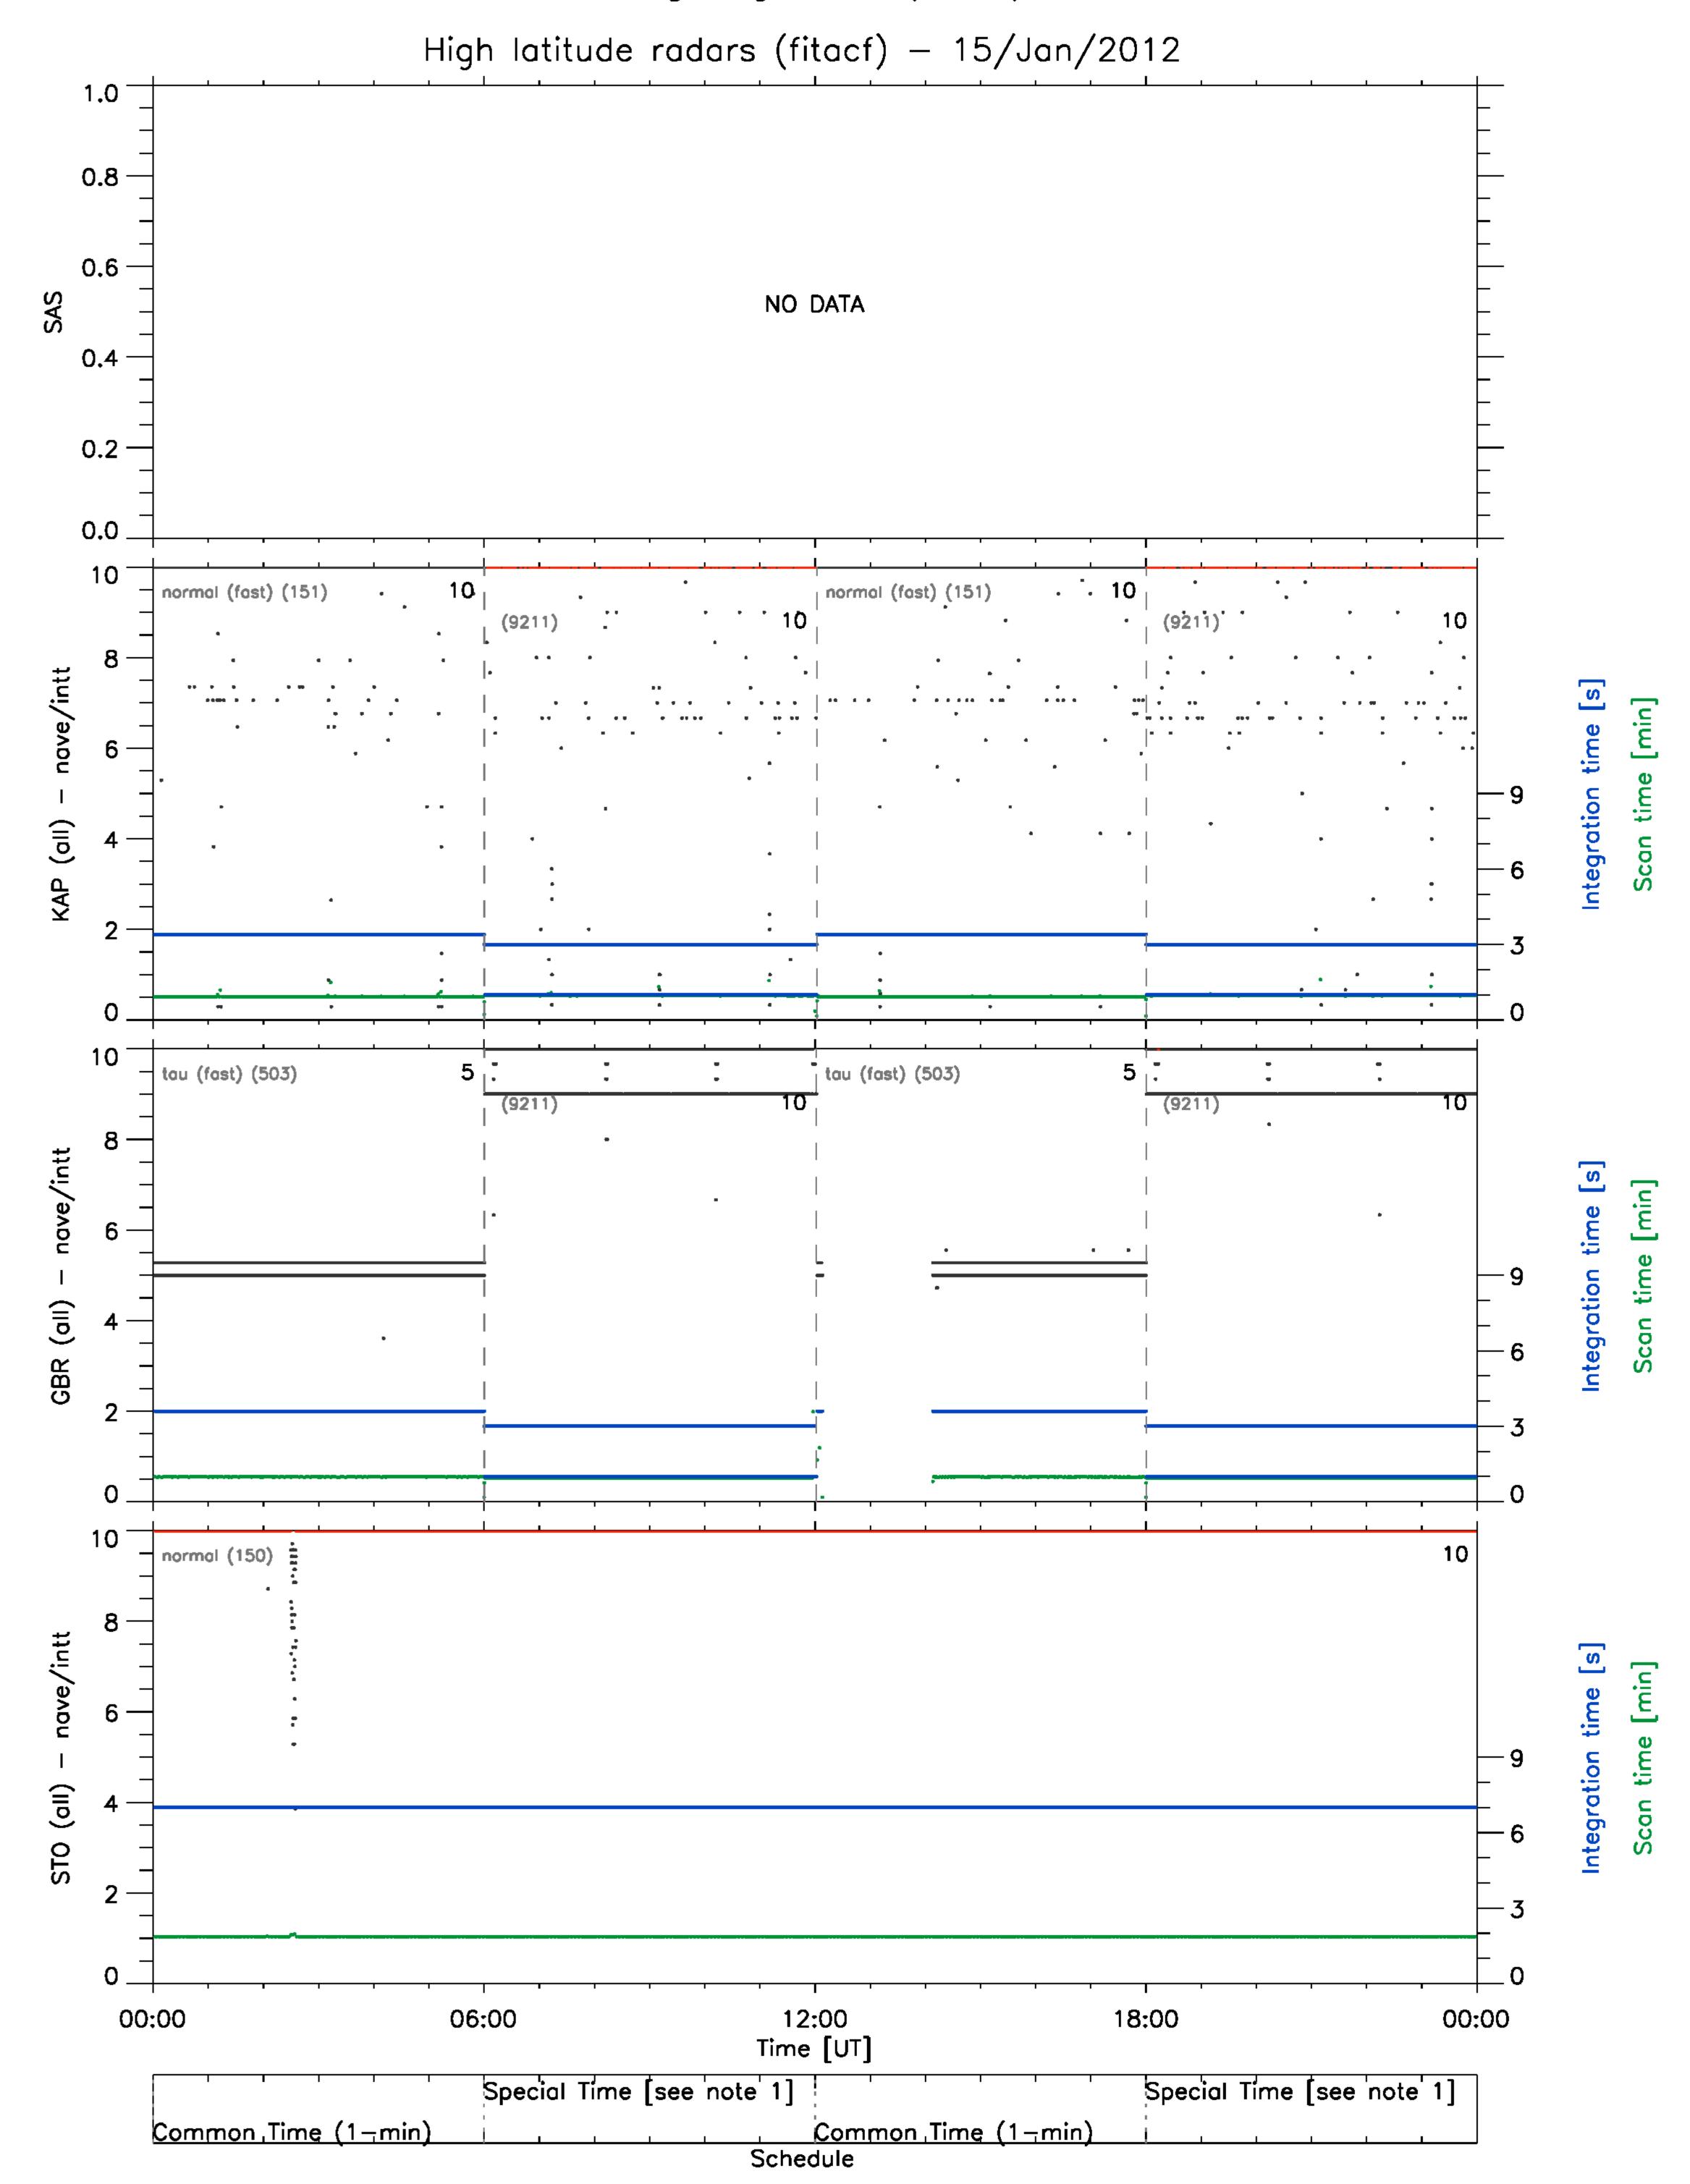

Note on gaps: a gap is marked when two consecutive records are more than 10 integration times apart.

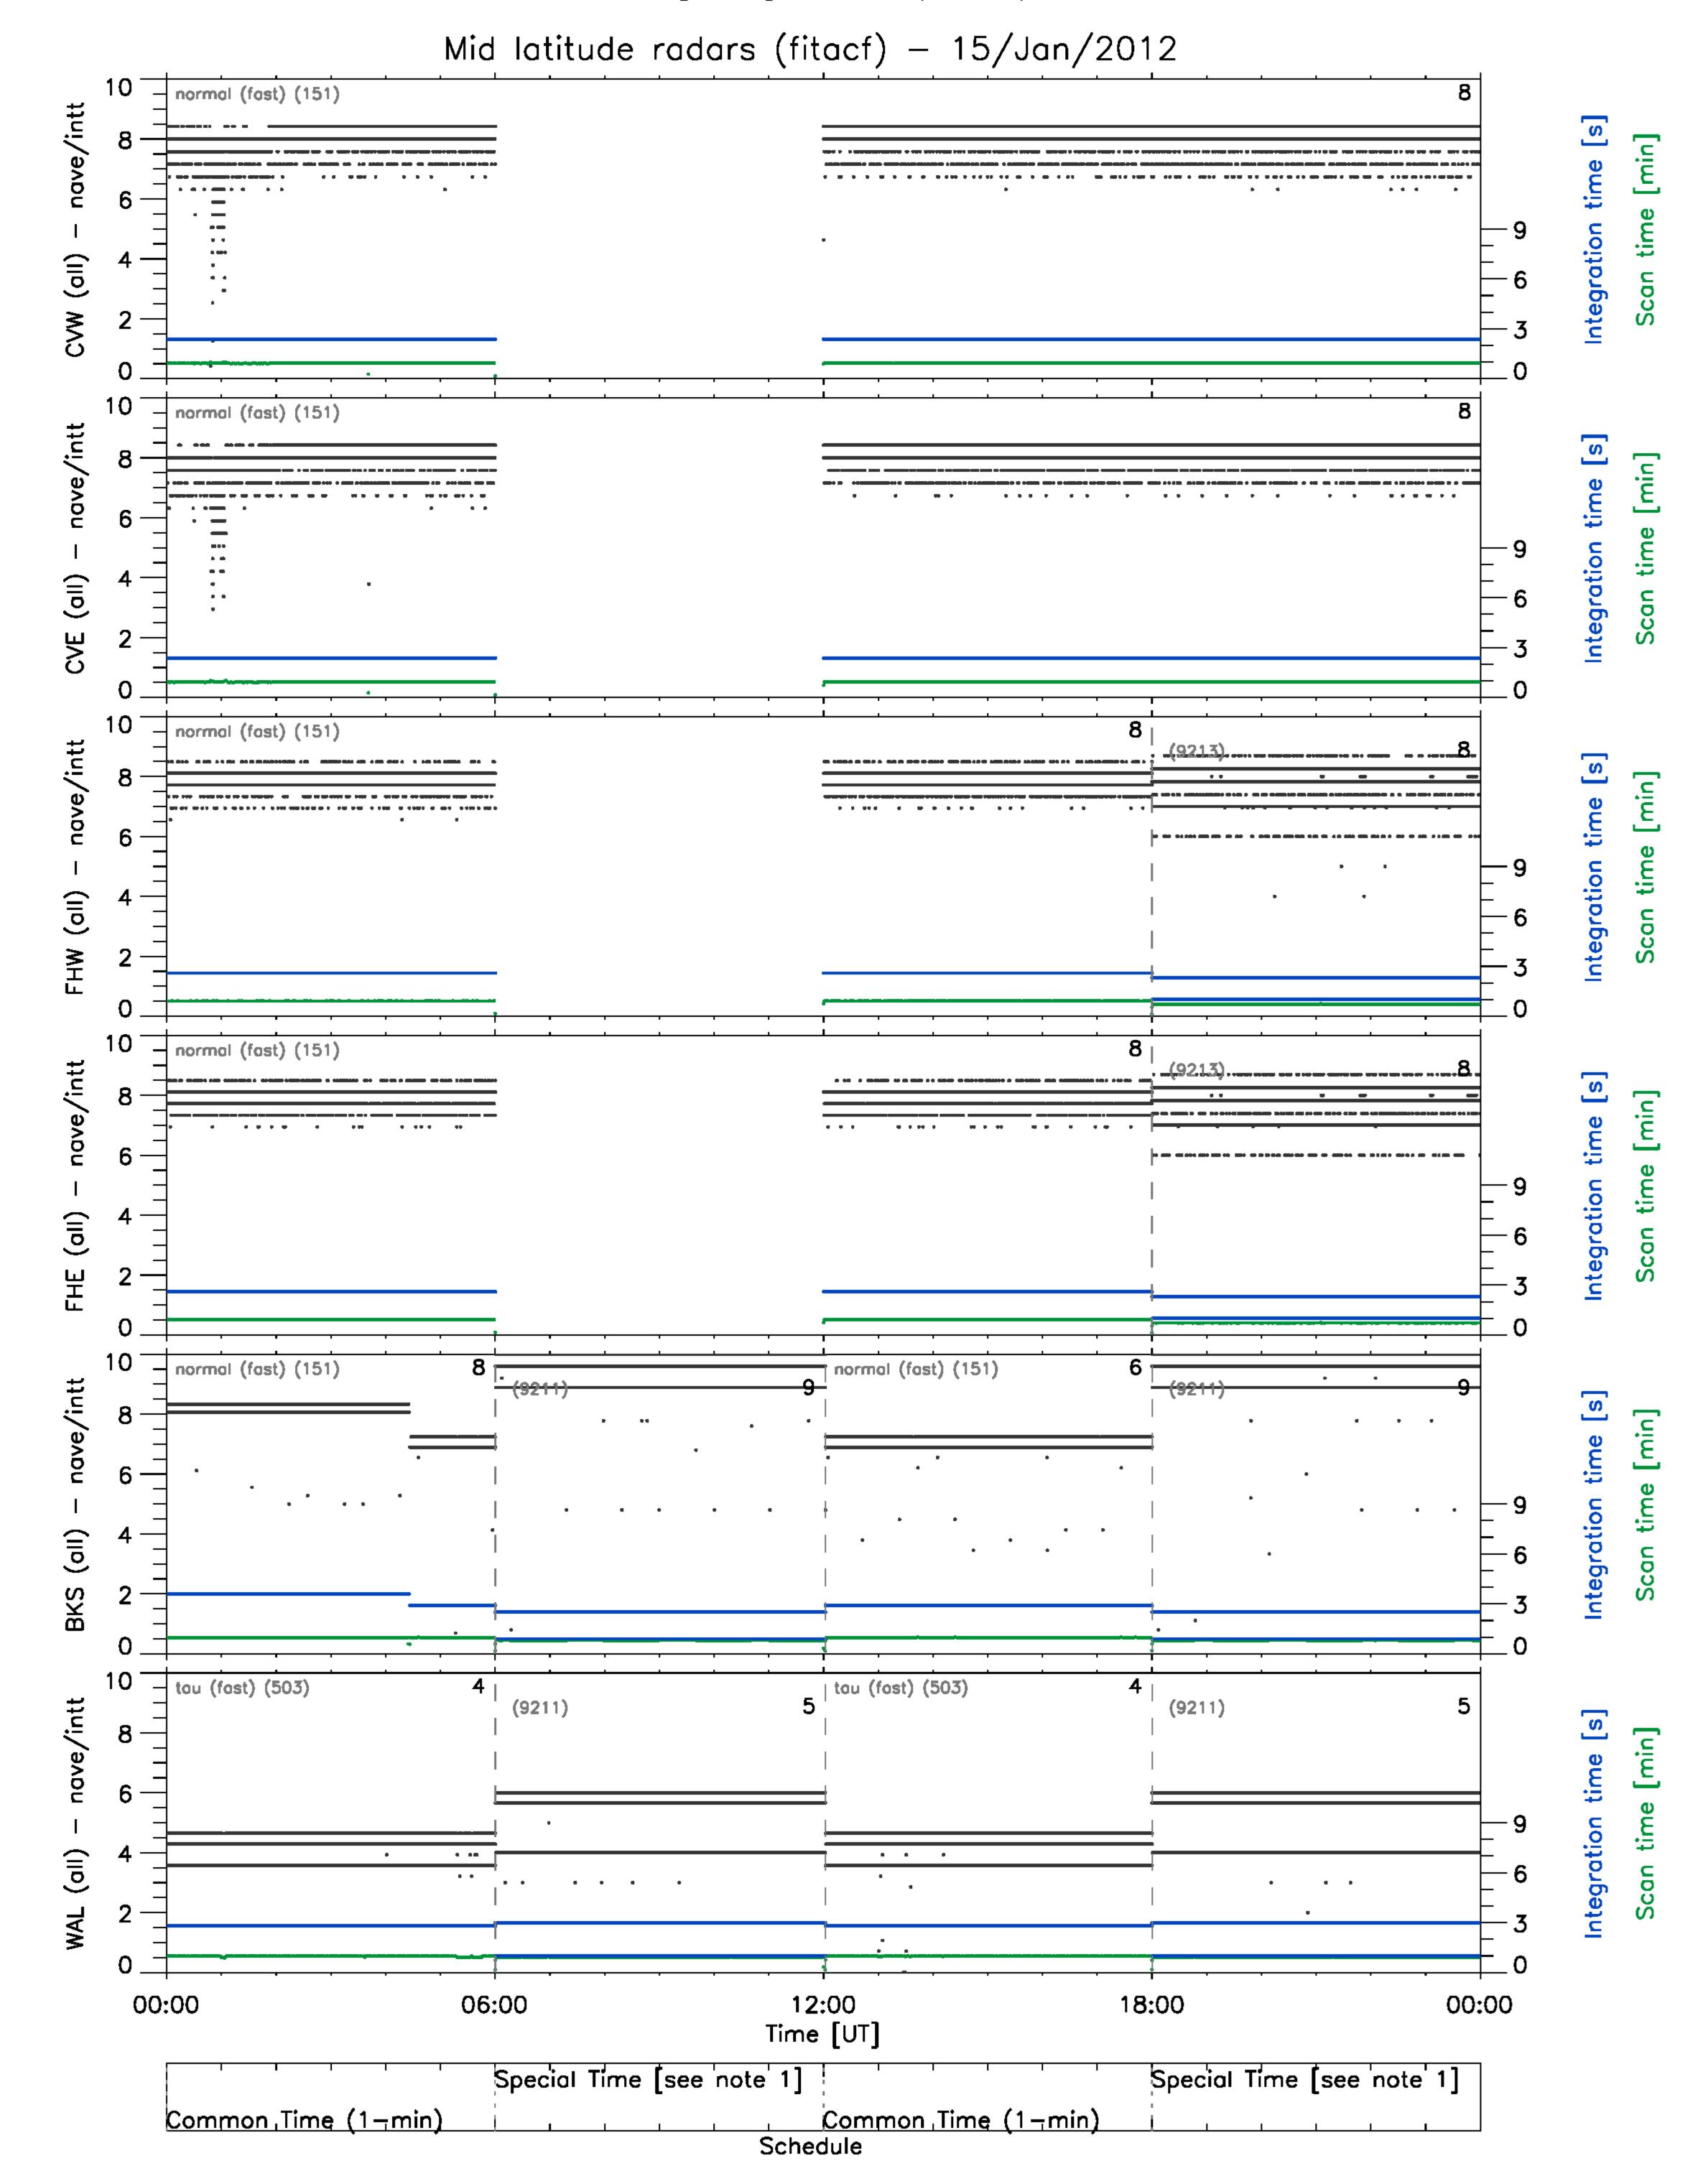

## Clock diagnostics vs Record #

## Frequency/Beam diagnostics (vs UT) High latitude radars (fitacf) — 15/Jan/2012 1.0 8.0 0.6 NO DATA 0.4 0.2 -0.0 18 normal (fast) (151) normal (fast) (151) (9211) (9211) 16 tau (fast) (503) tau (fast) (503) (9211)16 normal (150) 16 STO

Note on Beam #: a dot is plotted showing the beam # of the k™ record of the k™ scan.
